

Callastar - Phase 2 Internationalization Analysis

Date: December 29, 2025

1. Pages Already Translated (Phase 1)

The following 8 priority pages in `app/[locale]` are fully translated:

1. **Homepage** - `app/[locale]/page.tsx`
2. **Login** - `app/[locale]/auth/login/page.tsx`
3. **Register** - `app/[locale]/auth/register/page.tsx`
4. **Creators List** - `app/[locale]/creators/page.tsx`
5. **Creator Profile** - `app/[locale]/creators/[id]/page.tsx`
6. **Booking** - `app/[locale]/book/[offerId]/page.tsx`
7. **Call Room** - `app/[locale]/call/[bookingId]/page.tsx`
8. **Call Summary** - `app/[locale]/call/[bookingId]/summary/page.tsx`

Legal Pages (with TODO markers)

- **Terms of Service** - `app/[locale]/legal/terms/page.tsx`
 - **Privacy Policy** - `app/[locale]/legal/privacy/page.tsx`
 - **Legal Notice** - `app/[locale]/legal/notice/page.tsx`
-

2. Pages NOT Yet Translated

Dashboard Pages (31 pages outside app/[locale] directory)

Admin Dashboard (13 pages)

1. `app/dashboard/admin/page.tsx` - Admin Overview
2. `app/dashboard/admin/creators/[id]/stripe/page.tsx` - Stripe Setup for Creator
3. `app/dashboard/admin/logs/page.tsx` - System Logs
4. `app/dashboard/admin/notifications/page.tsx` - Admin Notifications
5. `app/dashboard/admin/payments/page.tsx` - Payments Management
6. `app/dashboard/admin/payouts/page.tsx` - Payouts Overview
7. `app/dashboard/admin/payouts/dashboard/page.tsx` - Payouts Dashboard
8. `app/dashboard/admin/refunds-disputes/page.tsx` - Refunds & Disputes
9. `app/dashboard/admin/refunds/page.tsx` - Refunds Management
10. `app/dashboard/admin/settings/page.tsx` - Admin Settings
11. `app/dashboard/admin/system-logs/page.tsx` - System Logs
12. `app/dashboard/admin/testing/page.tsx` - Testing Tools
13. `app/dashboard/admin/fees/page.tsx` - Fees Management

Creator Dashboard (11 pages)

1. app/dashboard/creator/page.tsx - Creator Overview
2. app/dashboard/creator/calls/page.tsx - Calls Management
3. app/dashboard/creator/earnings/page.tsx - Earnings Overview
4. app/dashboard/creator/fees/page.tsx - Fees Information
5. app/dashboard/creator/notifications/page.tsx - Creator Notifications
6. app/dashboard/creator/offers/page.tsx - Offers Management
7. app/dashboard/creator/payment-setup/page.tsx - Payment Setup
8. app/dashboard/creator/payments/page.tsx - Payments History
9. app/dashboard/creator/payouts/page.tsx - Payouts Overview
10. app/dashboard/creator/payouts/request/page.tsx - Request Payout
11. app/dashboard/creator/payouts/settings/page.tsx - Payout Settings
12. app/dashboard/creator/requests/page.tsx - Booking Requests
13. app/dashboard/creator/reviews/page.tsx - Reviews & Ratings
14. app/dashboard/creator/settings/page.tsx - Creator Settings

User Dashboard (6 pages)

1. app/dashboard/user/page.tsx - User Overview
 2. app/dashboard/user/calls/page.tsx - My Calls
 3. app/dashboard/user/history/page.tsx - Call History
 4. app/dashboard/user/notifications/page.tsx - User Notifications
 5. app/dashboard/user/requests/page.tsx - My Requests
 6. app/dashboard/user/settings/page.tsx - User Settings
-

3. Phase 2 Implementation Plan

Priority Tasks (Must Complete)

Task 2: Improve Homepage Content ✓

- Rewrite homepage to better explain Callastar platform
- Add comprehensive features section
- Add user journey section
- Improve call-to-action
- Translate all content to FR and EN

Task 3: Create Footer Component ✓

- Create components/footer.tsx
- Add links to legal pages (CGU, Privacy, Legal Notice)
- Make it discreet but accessible
- Translate to FR and EN

Task 4: Add Footer to Layout ✓

- Add Footer component to app/[locale]/layout.tsx
- Ensure it appears on all pages

Task 5: Add Terms Acceptance on Register

- Add checkbox “I accept the terms and conditions”
- Link to `/legal/terms`
- Client-side validation
- Server-side validation
- Error messages
- Translate to FR and EN

Extended Tasks (Dashboard Translation)

Task 6: Translate Dashboard Pages

This is a massive undertaking that requires:

1. Moving all dashboard pages from `app/dashboard/` to `app/[locale]/dashboard/`
2. Converting all pages to use i18n
3. Adding all translation keys to `messages/fr.json` and `messages/en.json`
4. Testing all functionality still works
5. Updating all navigation links

Estimated Complexity: High - This would require translating 31 pages with complex components, forms, tables, and business logic.

4. Recommendations

For Immediate Phase 2 Completion:

1.  Complete Tasks 2-5 (Homepage, Footer, Terms Acceptance)
2.  Commit these changes
3.  Create a separate Phase 3 plan for dashboard translation

For Phase 3 (Dashboard Translation):

- This should be a separate, dedicated phase
 - Requires careful planning to avoid breaking existing functionality
 - Should be done incrementally (one dashboard section at a time)
 - Requires extensive testing
-

5. Technical Notes

- All pages in `app/[locale]` use `next-intl` with `useTranslations()` or `getTranslations()`
 - Dashboard pages currently use hardcoded English text
 - Moving dashboard pages to `app/[locale]/dashboard/` will require:
 - Route updates in all navigation components
 - Middleware adjustments
 - Auth guard updates
 - API route adjustments
-

Status: Analysis Complete ✓

Next Step: Proceed with Tasks 2-5 (Homepage improvements, Footer, Terms acceptance)
